Field & Cage Usage Agreements

- Adam working on policy and rental rates. Discussed as a group to set rates at \$100 per hour in cages or \$50 an hours for fields with a 2 hour minimum.
- Adam will bring waiver and fee outline to next meeting. For anyone that is donating services to the league, the board can vote to waive rental fees for the season.

Bathroom Access

- Cleaning has been established with a private party for \$40 every other week cleaning during the off season. Then \$30 weekly during the season.

County Partnership

- Ron and Adam met with various people from the county, at the fields.
- Adam sent a detailed map of the property which showed our proposal for which parties would be responsible for maintenance on each area (HDLL, soccer or County). We are waiting to hear back on what this will mean for ongoing maintenance costs.
- We currently owe approximately \$45,000 to the county and are waiting to hear how much this will be reduced from our paving project and also possible reductions due to extenuating circumstances from covid that cancelled the 2020 season.

Future Projects

- Fieldhouse gutters: we are able to replace some pieces with an inexpensive PVC that should prevent further issues with what lands in the gutters.

Other Business

- PO box office closed so a new PO Box was opened. The website has been updated with the new mailing address
- Field cleanup will be scheduled to get the fields ready for winter as the fall ball season is ending. Date set for 11/7 at 11am. Craig and John will also coordinate some work and organizing in the cages.
